## Journalism for Transfer 2017-18

**Associate in Arts Degree in Journalism for Transfer**

Students majoring in journalism learn about the American news media in all forms—newspapers, magazines, television, radio and the Internet—as the basis of a liberal arts education. Students also become media “practitioners” as every journalism class offers a unique opportunity to develop publishable work for *The Channels*, SBCC’s award-winning student newspaper and online service. The Journalism Department is an active part of the School of Media Arts, and we offer all students the opportunity to collaborate with those from the disciplines of film, video production, multimedia, photography and graphic design.

The Associate in Arts degree in Journalism for Transfer will provide the foundational knowledge in Journalism to students who want to earn a Baccalaureate Degree in Journalism at any of the CSU campuses. This degree is in compliance with the Student Transfer Achievement Reform Act {Senate Bill 1440, now codified in California Education Code sections 66746-66749} and guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer,” a newly established variation of the associate degrees traditionally offered at a California community college. Upon completion of the transfer associate degree, the student is eligible for transfer with junior standing into the California State University (CSU) system. Students will be given priority consideration when applying to a particular program that is similar to the student’s community college area of emphasis. Visit [www.sb1440.org](http://www.sb1440.org) for the latest information about these degrees.

NOTE: Program first offered Spring 2015.
