Psychology

Degrees
Associate in Arts Degree: Psychology
Associate in Arts Degree (AA-T): Psychology for Transfer

Program Description
Psychology is the social science discipline most concerned with studying the behavior, mental processes, growth and well-being of individuals. Psychological inquiry also examines the roles played by biological and sociocultural factors that affect behavior and mental processes. It is a broad discipline and profession, having both scientific and applied branches, with practical applications for personal growth and well-being.

The Psychology curriculum at Santa Barbara City College is designed to provide students with courses needed to prepare for transfer as a Psychology major, to offer courses which are a valuable part of general education, to provide support and ancillary skills for many professions that deal with humans, and to offer studies which are meant to be applied to practical everyday living experiences.

Students who complete the Psychology major enter a variety of career fields and/or graduate programs, including business administration, law, recreation, social work, education, counseling, clinical psychology, industrial/organizational psychology, neuroscience, forensic science, communications, health psychology, management, personnel, sports psychology, sales, advertising, marketing and many others. It is important to keep in mind that many of these professional careers require training beyond the undergraduate level. Students with such interests should discuss their plans with a counselor or department adviser as early as possible.

The Psychology Department at Santa Barbara City College offers an AA Degree in Psychology which provides students with the foundational knowledge in psychology theory, research and statistical methods and prepares them to make a successful transition into a Baccalaureate Degree in Psychology at any four-year institution.

In addition, the Psychology Department offers an AA-T Degree in Psychology for Transfer. This degree will provide the foundational knowledge in Psychology to students who want to earn a Baccalaureate Degree in Psychology. This degree is in compliance with the Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code Sections 66746-66749) and guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer,” a newly established variation of the associate degrees traditionally offered at a California community college. Upon completion of the transfer associate degree, the student is eligible for transfer with junior standing into the California State University (CSU) system. Students will be given priority consideration when applying to a particular program that is similar to the student’s community college area of emphasis. For the latest information about transfer degrees, visit www.sb1440.org.

Program Student Learning Outcomes
1. Theory and Content of Psychology: Students will demonstrate comprehension of the major concepts, theoretical perspectives, empirical findings, and historical and contemporary trends in psychology.
2. Research Methods in Psychology: Students will demonstrate comprehension of scientifically-based research methods in psychology.
3. Statistical Methods in Psychology: Students will identify, understand and apply statistical analyses appropriate for specific research problems in psychology.
4. Information Technology: Students will demonstrate competence with information technology.
5. Critical Thinking: Students will use logic and empirical evidence to evaluate claims made about behavior.
6. Communication: Students will clearly express thoughts, ideas and arguments, using appropriate tone, focus, grammar and organization in their communications.

Faculty and Offices
Joshua Ramirez, Chair (IDC-329B, ext. 3712)
Stanley Bursten (IDC-347, ext. 4713)
Art Olguin (ECOC-2, Rm. 4, ext. 2700)
AA Degree: Psychology
Department Requirements (20-24 units)

Core Classes
PSY 100 — General Psychology or
   PSY 100H — General Psychology, Honors.................. 3-4
PSY 150 — Statistics for Behavioral Sciences...............4
PSY 200 — Research Methods and
   Experimental Design in Psychology.........................4
Social Science Electives (either option A or B).............9

Option A (select 9 units):
PSY 110 — Introduction to Physiological Psychology.........3
PSY 125 — Psychology of Human Sexuality ..................4
PSY 130 — Personality Dynamics and Effective Behavior ...3
PSY 140 — Child Development ..................................3
PSY 145 — Human Development ..................................3
PSY 170 — Abnormal Psychology ..................................4
PSY 175 — Social Psychology:
   Psychological Perspectives .....................................3

Option B
Psychology Electives (6 units):
PSY 110 — Introduction to Physiological Psychology ........3
PSY 125 — Psychology of Human Sexuality ..................4
PSY 130 — Personality Dynamics and Effective Behavior .3
PSY 140 — Child Development ..................................3
PSY 145 — Human Development ..................................3
PSY 170 — Abnormal Psychology ..................................4
PSY 175 — Social Psychology:
   Psychological Perspectives .....................................3

Social/Behavioral Sciences Electives (3 units):
*ANTH 101 — Physical Anthropology or .....................3
   ANTH 101H — Physical Anthropology, Honors............4
ANTH 103 — Introduction to Cultural Anthropology or ....3
COMM 101 — Introduction to Communication or ............3
PHIL 100 — Introduction to Philosophy or ..................3
   PHIL 100H — Introduction to Philosophy ..................4

PHIL 111 — Critical Thinking and Writing in
   Philosophy or ......................................................3
SOC 101 — Introduction to Sociology or .....................3
SOC 101H — Introduction to Sociology, Honors.............4

*Satisfies SBCC GE Area A only if ANTH 101L is also completed.

College Requirements
For complete information, see “Graduation Requirements” in the Catalog Index.

Sample Program for Degree
First Semester
PSY 100 or 100H or Elective
Second Semester
PSY 100 or 100H plus Elective
Third Semester
PSY 150 plus Elective
Fourth Semester
PSY 200 plus Elective

Preparation for Transfer
Course requirements for transfer vary depending upon
the college or university a student wishes to attend.
Therefore, it is most important for a student to consult
with his/her counselor and departmental adviser before
planning an academic program for transfer. Information
sheets for majors, outlining transfer requirements, are
available in the Counseling Center.

Requirements for AA-T Degree—
Psychology for Transfer
The Associate in Arts Degree in Psychology for Transfer provides students with the foundational
knowledge in Psychology to make a successful transition into a Baccalaureate Degree in Psychology
at any of the CSU campuses.

Degree Requirements
Complete 60 CSU-transferable units including General
Education, major requirements and CSU-transferable electives as follows:
I. General Education

*Complete one of the following patterns*

- Intersegmental General Education Transfer Curriculum “IGETC” for CSU (38 semester units)
- California State University General Education Breadth pattern (40 semester units)

II. Major

*Complete 20-25 units as outlined below with a “C” or better in each course. Pass/No Pass grading is not permitted in a course within a student’s major area of study. The courses completed for the major may also be used to fulfill General Education areas on the IGETC or the CSU GE Breadth.*

III. CSU-Transferable Electives
Complete as many units as needed to reach a total of 60 CSU-transferable units (for a list of SBCC-transferable courses to the CSU, visit www.assist.org).

Additional Graduation Requirements for AA-T in Psychology:
- Maintain a cumulative CSU-transferable GPA of 2.0.
- Residency Requirements: Candidates for an Associate Degree are expected to complete 15 semester units in residence at SBCC. Candidates for an Associate Degree are also expected to complete at least 20% of the department (major) requirements in residence at SBCC.

Association for Psychology Students
The Psychology Department sponsors a student organization, the Association for Psychology Students (A.P.S.), whose purpose is to encourage students’ intellectual, social and professional development in psychology and to educate them on practical applications in the field. Any currently enrolled Santa Barbara City College student interested in advancing the goals of the organization is qualified to be a member. The group sponsors lectures, films, field trips, conferences and social activities aimed at advancing students’ success in the field of psychology.

Internship Program
The Psychology Department has an Internship program whereby students gain work experience in community settings and/or research laboratories while receiving academic credit. Satisfactory completion of specific job-oriented and educational learning objectives and class attendance are essential requirements of the program.

Tutorial Opportunities
Each semester, the department hires student tutors to assist other students in their psychology coursework. Students who have strong academic performance and an interest in teaching are selected to serve as tutors.

Honors and Awards
The Psychology Department selects one student majoring in Psychology to be the Outstanding Student in Psychology for the year. Selection is made by the faculty based on a student’s academic excellence and contributions to the college and/or community. The Outstanding Student in Psychology is honored at an annual Awards Banquet hosted by the college.

Psychology Courses

PSY 100 — General Psychology
(3) — CSU, UC*
Skills Advisories: Eligibility for ENG 110 or 110H
Hours: 54 lecture

Psychology is the scientific study of behavior and mental processes. This survey course serves as a foundation for further studies in psychology. Theories and research pertaining to the biological basis of behavior, human development, perception, emotions, learning, cognition, consciousness, intelligence, motivation, personality, social influences on behavior, mental disorders and psychotherapy are covered. (*UC Transfer Limit: PSY 100, 100H and 120 combined: maximum credit, one course)

PSY 100H — General Psychology, Honors
(4) — CSU, UC*
Limitation on Enrollment: Honors Program Acceptance Skills Advisories: Eligibility for ENG 110 or 110H; Proficiency In MATH 104 or 107 or 111
Hours: 72 lecture

Survey of psychology as a science. Principles of behavior, maturation, emotions, intelligence, learning, thinking, motivation and personality are some of the many topics covered. This Honors class emphasizes the development of creative application and critical analyses of these behavioral principles. (*UC Transfer Limit: PSY 100, 100H and 120 combined: maximum credit, one course)
PSY 100N — Supplemental Instruction in General Psychology  
(0.5-1) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Hours: 16-18 lecture  
Supplemental instruction designed to develop greater understanding of principles of psychology, human behavior and mental processes.

PSY 105 — Applied Behavior Analysis  
(2) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Hours: 36 lecture  
Basic concepts of behavior analysis, and application of these principles to various life domains (increasing physical activity, athletic performance, coaching, education, substance-dependence, psychotherapeutic treatment). Single-subject research methods, and social, ethical and professional issues relevant to applied behavior analysis.

PSY 106 — Positive Psychology  
(3) — CSU, UC  
Prerequisites: PSY 100 or 100H  
Skills Advisories: Eligibility for ENG 110 or 110H  
Hours: 54 lecture  
Scientific study of psychological strengths and optimal functioning, including (1) positive subjective states such as happiness, joy, satisfaction and contentment; (2) positive individual traits such as courage, honesty, kindness, and wisdom; and (3) positive institutions such as healthy families, work environments and communities.

PSY 110 — Introduction to Physiological Psychology  
(3) — CSU, UC  
Prerequisites: PSY 100 or 100H  
Skills Advisories: Eligibility for ENG 110 or 110H  
Hours: 54 lecture  
Elementary physiology of the nervous system. Physiological mechanisms underlying sensation, perception, emotion, arousal, motivation, learning and cortical specialization. Function of the endocrine system. Intended primarily for Psychology majors as part of the lower division pre-major pattern. Also useful for students in Allied Health fields.

PSY 115 — Psychology of Health and Effective Behavior  
(3) — CSU, UC  
Skills Advisories: Eligibility for ENG 110 or 110H  
Hours: 54 lecture  
Issues in personal and social adjustment to prepare students for a lifelong understanding of themselves as integrated persons. Study of personality, personal development, psychological and physical aspects of stress and health, abnormal behavior, coping skills, therapy, interpersonal communication, intimacy, family relationships, gender issues, and effective functioning at work and as a parent.

PSY 120 — Introduction to Psychology  
(3) — CSU, UC*  
Skills Advisories: Eligibility for ENG 98 and 103  
Hours: 54 lecture  
Introduces students to the general field of psychology. Examines basic principles of human behavior and how they may be applied effectively in daily living situations. (*UC Transfer Limit: PSY. 100, 100H and 120 combined: maximum credit, one course)

PSY 125 — Psychology of Human Sexuality  
(4) — CSU, UC*  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: PSY 100 or 100H  
Hours: 72 lecture  
Focuses on the major aspects of human sexuality: psychological perspectives, research findings, human sexual response cycles, gender differentiation, sexuality through the life course and diversity in human sexuality. In addition, communication and relationship dynamics; love, romance and dating patterns; birth control, pregnancy and parenthood; sexual dysfunction and treatment; and the issues of sexual abuse and harassment. (*UC Transfer Limit: PSY 125 and HE 111 combined: maximum credit, one course)

PSY 130 — Personality Dynamics and Effective Behavior  
(3) — CSU, UC  
Skills Advisories: Eligibility for ENG 110 or 110H  
Course Advisories: PSY 100 or 100H  
Hours: 54 lecture  
Personality theory, assessment and development, interpersonal communications, abnormal behavior, mental
hygiene and psychotherapy. Study of psychological
systems. Intended for either Psychology majors or as a
useful elective for vocations dealing with people. Also
includes mental health principles for personal growth.

**PSY 135 — Psychology of Film**
(3) — CSU, UC
Corequisites: Prior to or concurrent enrollment
PSY 100 or 100H
Skills Advisories: Eligibility for ENG 110 or 110H
Hours: 54 lecture

Introduction to human psychological behavior, as
portrayed through the medium of film. Students view
and analyze films and discuss how filmmakers achieve
psychological reactions in their audience members.
Topics include human personality and development of
individual differences; motivation; learning; memory;
sensation and perception; physical, emotional and
social development; abnormal behavior; aggression;
and interpersonal relationships.

**PSY 140 — Child Development**
(3) — CSU, UC
Skills Advisories: Eligibility for ENG 98 and 103
Hours: 54 lecture

History and philosophy of care and development of
the child from conception through adolescence, with
emphasis on the nursery and elementary school-

age child. Studies include children's developmental
characteristics, records of children's growth, individual
differences, personality development and signs of
physical or emotional disturbance. Emphasis is on
the healthy normally-developing child. Includes child
observation and reporting.

**PSY 145 — Human Development**
(3) — CSU, UC
Course Advisories: PSY 100 or 100H or 120
Skills Advisories: Eligibility for ENG 110 or 110H
Hours: 54 lecture

Provides an overview, from a psychological
perspective, of human physical, cognitive and social
development, as well as developmental problems,
and the biological and environmental influences
on development, from conception through death.
Examines the theories, research findings and
methodological approaches to human development
through the life span.

**PSY 150 — Statistics for the Behavioral Sciences**
(4) — CSU, UC*
Prerequisites: MATH 107 or 111 with a “C” or better or
qualifying score on SBCC placement exam.
Course Advisories: PSY 100 or 100H
Skills Advisories: Eligibility for ENG 110 or 110H
Hours: 72 lecture

General Education course in statistics that is useful for
all majors in the behavioral and life sciences. Introduces
the principles and procedures of measurement,
data base management, data analysis, probability,
sampling theory and statistical inference. Covers
Descriptive Statistics: measurement scales, frequency
distributions, measures of central tendency, measures
of variability, measures of linear relationships; and
Inferential Statistics: logic of hypothesis testing, z-tests,
independent-samples and dependent-samples t-tests.
(*UC Transfer Limit: PSY 150 combined with MATH 117
or 117H: maximum credit, one course)

**PSY 170 — Abnormal Psychology**
(4) — CSU, UC
Prerequisites: PSY 100 or 100H
Skills Advisories: Eligibility for ENG 110 or 110H
Hours: 72 lecture

Introduction to assessment, diagnosis, treatment,
research and prevention of mental disorders.
Covers the major DSM disorders, including
the phenomenology, etiology and treatment of
anxiety, affective, dissociative, somatoform,
psychophysiological, schizophrenic, sexual
dysfunctions, paraphilias and gender identity disorder;
substance-related; impulse-control; developmental,
cognitive and personality disorders. Theories, therapies,
research, legal and social issues are addressed.

**PSY 175 — Social Psychology:**
*Psychological Perspective*
(3) — CSU, UC
Skills Advisories: Eligibility for ENG 110 or 110H
Hours: 54 lecture

Studies how our thoughts, feelings and behavior are
influenced by others. It takes a scientific approach,
emphasizing that behavior is strongly influenced by
social situations. Topics covered are the self; social
cognition; attitudes and prejudice; social influences of
culture; persuasive techniques; groups; relationships;
aggression; and pro-social actions.
PSY 200 — Research Methods and Experimental Design in Psychology  
(4) — CSU, UC  
Prerequisites: PSY 100 or 100H and 150 or MATH 117 or 117H  
Skills Advisories: Eligibility for ENG 110 or 110H  
Hours: 108 (54 lecture, 54 lab)  
The logic of and empirical procedures used in psychological research, with emphasis on experimental, quasi-experimental and correlational research methods. Covers ethical principles used to guide research. Includes practical applications of descriptive and inferential statistics. Students analyze research studies, participate in designing and conducting a research project, and write an APA research report.

PSY 295 — Internship in Psychology  
(1-4) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Limitation on Enrollment: Completion of two courses in applicable discipline at SBCC prior to enrolling in Internship course.  
5-20 lab hours per week (plus weekly meeting with instructor).  
Hours: 108-273 lab  
Structured Internship program whereby students gain work experience in clinical and community outreach programs and/or research laboratories.

PSY 299 — Independent Study in Psychology  
(1-4) — CSU  
Skills Advisories: Eligibility for ENG 110 or 110H  
Limitation on Enrollment: Six units of Psychology with a 3.0 or above GPA; minimum 12 units of course work completed at SBCC, with a GPA of at least 2.5.  
Hours: 48-192 lab  
Student works under guidance and direction of sponsoring faculty member on project consistent with interests and abilities. Minimal weekly meetings required. May be taken for one to four (4) units of credit. For complete information, see “Independent Study” in the Catalog Index. (*UC Transfer Limit: PSY 299 computed as Independent Study; see counselor)
