Program Description
The Theatre Arts Department at Santa Barbara City College offers a variety of programs of study and experience suited to the needs of the serious theatre student, as well as those students who wish to include theatre arts as part of their liberal arts education. With curricula in Acting/Directing, Design/Lighting, Costuming and Technical Production, the program provides an intensive two-year course of study that prepares Theatre Arts majors for transfer to a four-year college or university—ready to do advanced, upper-division work.

Hands-on practical experience is stressed through a wide-ranging production program. Students have the opportunity of working in all phases of production and performance and are encouraged to take on increasing levels of responsibility. By the time they complete their Associate in Arts degrees, many of our students have appeared in roles in student showcases and/or Santa Barbara City College Theatre Group productions, served as crew heads and stage managers on specific productions, and designed or directed showcase performances. These experiences, combined with intensive classes in the various theatre arts disciplines, have contributed greatly to the success of those who have chosen to continue in theatre or related pursuits beyond City College—either through further study or by entering the job market directly.

For the liberal arts student, ample opportunities to participate in productions, either by performing or working behind-the-scenes, combined with the freedom to select courses in areas of interest, provide an exciting and enriching addition to their other studies.

The unique combination of state-of-the-art facilities, professional faculty and staff, and an active, respected production program make theatre studies at Santa Barbara City College worthy of any student’s consideration.

The department offers an AA-T Degree in Theatre Arts for Transfer. This degree provides the foundational knowledge in Theatre Arts to students who want to earn a Baccalaureate Degree in Theatre Arts. This degree is in compliance with the Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code Sections 66746-66749) and guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer,” a newly established variation of the associate degrees traditionally offered at a California community college. Upon completion of the transfer associate degree, the student is eligible for transfer with junior standing into the California State University (CSU) system. Students will be given priority consideration when applying to a particular program that is similar to the student’s community college area of emphasis. For more information on transfer degrees, visit www.sb1440.org.

Preparation for Transfer

Course requirements for transfer vary depending upon the college or university a student wishes to attend. Therefore, it is most important for a student to consult with his/her counselor, departmental adviser, and/or Theatre Arts faculty member before planning an academic program for transfer. Information sheets for majors, outlining transfer requirements, are available in the Counseling Center.

Requirements for AA-T Degree—Theatre Arts for Transfer

Theatre Arts covers a wide range of topics. The major is designed to give students exposure to basic information in the discipline and provide the opportunity to focus on the areas that best suit their individual needs. Students should consult with a departmental adviser and/or counselor when choosing both controlled and general electives in order to develop a program of study that is best suited to their specific needs. For example, requirements for the Baccalaureate Degree in Theatre Arts vary from one institution to another. It is, therefore, essential to become familiar with the requirements of the institution a student plans to attend.

The Associate in Arts Degree in Theatre Arts for Transfer will provide the foundational knowledge to students who want to earn a Baccalaureate Degree in Theatre Arts at any of the CSU campuses.
