Course where the cost of the textbook is zero dollars and no cost to the student (SB 1359).

PSY - Psychology

PSY NC003 - Nature and Self-Healing - Beginning: For Older Adults (0 Unit)
Older adults learn self-discovery, self-healing, and alternative healing techniques. Students learn how to incorporate nature as a harmonizing influence and partner in the self-healing process. Techniques taught include meditation, being open to change, diaphragmatic breathing, being "present", stretching techniques, and taking risks. Students develop self-esteem, confidence, and socialization skills. Students also learn health and wellness strategies for older adults through appropriate nutrition and stress management techniques. Participants should be able to walk one to two miles at a slow pace.

PSY NC007 - Consciousness, Science, and the Nature of Being: For Older Adults (0 Unit)
This class focuses on current thought in the physical and social sciences, and in spirituality. Our understanding of ourselves and the world is growing with remarkable rapidity. Older adult students will develop their critical thinking skills as they consider whether there is an evolution of consciousness that underlies the great discoveries being made. To aid in this inquiry, the class exploits Internet resources and invites guest speakers.

PSY NC013 - Ten Vital Tools for Creating the Miraculous: For Older Adults (0 Unit)
Teaches older adults how to make the leap from powerless to powerhouse in this dynamic, experiential course. Using the wisdom of the "law of attraction," students apply a variety of tools to realize personal goals and desires. Older adults learn to believe in themselves and develop an increased sense of control through the aging process.

PSY NC016 - Body/Mind Awareness: For Older Adults (0 Unit)
Course explores the role of physical and cognitive creative stimulation in maintaining the health and well-being of older adults. Older adults achieve a greater sense of self-confidence, sense of control, and level of independence through stimulating activities. Students engage in activities that include reminiscing, moving to music, and other techniques to enhance acuity and health.

Hours: 12 (12 lecture)

### PSY NC017 - Healing Our World: For Older Adults (0 Unit)

Older adults learn to be a healing instrument of power and compassion using principles of nonduality, nonviolent peace-making, ecopsychology and cross-cultural wisdom. Class introduces many illustrious peacemakers: Gandhi, MLK, Peace Pilgrim, Dorothy Day, the Dalai Lama, Fellowship of Reconciliation. Examines the psychological dynamics underlying chronic social problems like the "war on terrorism," "war on drugs," world poverty, and environmental destruction and explore ways to contribute to solutions. Students develop confidence in the value of their own wisdom and experience.

**Hours:** 20 (20 lecture)

**Transfer Information:** None

**SBCC General Education:** None

**Grading Options:** Noncredit

### PSY NC020 - The Psychology and Physiology of Positive Aging: For Older Adults (0 Unit)

In this class, older adult students learn how to define health and wellness as a body, mind, and spirit continuum. Topics include recognizing stress factors and symptoms, chronic inflammation, nutritional awareness, problem solving, and benefits of hypnosis and meditation in aging.

**Hours:** 12 (12 lecture)

**Transfer Information:** None

**SBCC General Education:** None

**Grading Options:** Noncredit
PSY NC021 - Adventures in Self Esteem: For Older Adults (0 Unit)

In this class, older adult students learn how to increase self-esteem and build more effective communication skills while regaining control and increasing their quality of life. They learn fifteen quick, practical tools for tapping into their creativity and potential and reducing stress. Students also learn constructive communication patterns that empower them to create the positive changes they want and need to be in charge of their lives.

Hours: 20 (20 lecture)
Transferring Information: None
SBCC General Education: None
Grading Options: Noncredit

PSY NC023 - Turning Points in Thought From Film: For Older Adults (0 Unit)

This class focuses on turning points in thought as they are revealed in movies. Older adults exercise mental acuity, critical thinking, and analytical skills to interpret storyline events using psychological lenses. Various psychological theories that apply to daily life are discussed through the deconstruction of cinematic narratives. Students practice interpreting and integrating their emotional and rational reactions through psychological lenses to gain understanding. Class develops self-expression and socialization skills while students apply findings to the triumphs and challenges of aging.

Hours: 30 (10 lecture, 20 lab)
Transferring Information: None
SBCC General Education: None
Grading Options: Noncredit

PSY NC028 - Love Isn't Enough - Handling Conflict, Creating Romance: For Older Adults (0 Unit)

Using ideas from Harville Hendrix, John Gottman, and Andrew Christensen, older adults explore the nature of romantic attraction, why conflict seems inevitable, and what happens to passion in long term relationships. The class teaches specific skills for better communication, managing conflict safely, rekindling romance, understanding gender differences, and keeping a relationship together for the long run.

Hours: 12 (12 lecture)
Transferring Information: None
SBCC General Education: None
Grading Options: Noncredit

PSY NC029 - Reading and Writing Poetry for Personal Growth: For Older Adults (0 Unit)

Older adults discover ways of looking at poetry that help them look back over the events of their lives to see what still needs to be resolved. The reading of poems becomes a vehicle to see the meaning and purpose of their life. Students write their own poems in class and listen to one another's poems when ready to share. This helps them notice the similarities in the human experience and deal with future life issues in creative ways.

Hours: 20 (20 lecture)
Transferring Information: None
SBCC General Education: None
Grading Options: Noncredit

PSY NC039 - How Meditation Helps - Mindfulness in Everyday Life: For Older Adults (0 Unit)
Meditation is a practice that can help older adult students greet the challenges and joys of aging with greater courage, acceptance, and clarity. In this experiential course, students practice a range of meditation techniques that encourage health and well-being. Students learn how to focus their attention in the present moment, bring awareness to habitual patterns that no longer serve them, and allow their breath to strengthen their body and calm their mind. Beginners and experienced meditators welcome.

**Hours:** 15 (15 lecture)

**SBCC General Education:** None

**Grading Options:** Noncredit

**PSY NC047 - World of Interest: For Older Adults (0 Unit)**

Older adults explore and discuss contemporary issues and events with other students, resulting in increased mental alertness and improved mood and attitude. The class explores mentally and emotionally stimulating topics related to international, national, state and local events.

**Hours:** 12 (12 lecture)

**SBCC General Education:** None

**Grading Options:** Noncredit

**PSY NC060 - Treasures from Sacred Traditions: For Older Adults (0 Unit)**
This class teaches the secrets of various sacred traditions to help older adult participants incorporate any traditions that help them feel more alive, happy, peaceful, and loving. Students learn about the truths and methods developed by leaders of the Christian, Hindu, Buddhist, Taoist, Jewish, Sufi and Native American traditions. Class includes lectures, films, slides, readings, and sacred music.

**PSY NC072 - Honing the Intuitive Edge: For Older Adults (0 Unit)**

Older adults learn that intuition, like a muscle, can be developed, expanded and strengthened to build rapport and make relationships more meaningful. Students experience the benefit of entering situations with the confidence and competence that comes from the senses being fully attuned. Older adults learn to see, hear, feel and know far more than was thought possible, thus building self esteem and self confidence.

**PSY NC082 - Travels and Explorations: For Older Adults (0 Unit)**

This course allows older adults to virtually explore the history, culture, language, and cuisine of distant places without needing to leave the classroom. Older adults reflect on memories evoked by discussions and presentations and so improve mental recall, retention of information, and self-expression. Students also develop an appreciation of the value of their role and contribution in the global community.
