Letter from the Chair

February 25, 2016

As Chair of the Measure V Citizens’ Bond Oversight Committee, it is my pleasure to once again present the Measure V Annual Report to the Board of Trustees of the Santa Barbara Community College District. Upon passage of Measure V, the Board of Trustees established this committee in compliance with Education Code Section 15278 and Proposition 39. Our first meeting was held on November 6, 2008 and we have since met 22 times. I wish to express my heartfelt thanks to the members for their continued support and participation.

As in the past, the meetings of the Citizens’ Bond Oversight Committee have been well-organized and informative. Information presented and reviewed at each meeting includes the most recent Financial Reports, updated Project Expenditure Summaries, and general Project Construction Updates. SBCC staff and administrators have been very helpful in providing timely information to the Committee as well as responding to the Committee’s questions. As a Committee, we are excited about all of the projects completed and those currently under construction. On behalf of the District, this Committee would like to express its gratitude to the voters of the community, without whom the Measure V Bond Construction Program would not exist.

It is our opinion, based upon the Committee’s oversight activities and a review of the independent financial and performance audits, that the District is in compliance with the requirements of Article XIIIA, Section 1(b)(3) of the California Constitution. With the presentation of this Annual Report, the Bond Oversight Committee members assure voters that Measure V Bond expenditures have been properly made and have been utilized for projects consistent with those identified in the Bond Measure. It is our sincere hope that you will find this Annual Report informative and comprehensive.

Sincerely,

Jack Ostrander, Chairperson

Executive Summary

The number of active Measure V projects has been greatly reduced as the total number of completed Measure V projects increases and remaining bond funds decrease. Several projects were completed in 2015, most notably the removal of twenty modular buildings on the main campus. Progress continues towards completion of the new West Campus Classroom and Office building, the final major capital improvement project funded by Measure V. The following pages present updates on projects that have been completed or are under construction, several of which were also featured in previous years’ Annual Reports.

During 2015, there were three Citizens’ Bond Oversight Committee meetings, at which all aspects of ongoing and upcoming projects were presented.

The committee is excited about the progress to date and looks forward to completion of the final Measure V project. The committee also welcomes members of the public to its meetings and encourages everyone to continue supporting SBCC and Measure V through completion of the projects and beyond.

The Citizens’ Bond Oversight Committee remains committed to the success of the college and will continue to monitor and provide reports on the status of the Measure V Bond Program. Through the judicious use of Measure V Funds, the Bond Program will allow SBCC to continue to educate and prepare students for the future by replacing and supplementing existing college infrastructure.

## Measure V Bond Overview

Measure V is the Santa Barbara City College Construction Improvement Bond Measure passed on the June 3, 2008 ballot. Measure V asked voters to approve a $77.2 million bond. Funding from the bond has helped the college modernize technology, upgrade the deteriorating infrastructure of aging classroom and office buildings, and improve existing teaching and learning environments.

Measure V was presented under the provisions of Proposition 39, requiring that at least 55% of voters approve a measure for its passage. Measure V received over 70% approval.

## The Role of the Citizens’ Bond Oversight Committee

As promised to the voters, and as required by law, the Santa Barbara Community College District Board of Trustees has adopted a resolution establishing the Measure V Citizens’ Bond Oversight Committee. There are seven established seats on the committee, the required minimum under the laws governing the establishment and implementation of the Citizens’ Bond Oversight Committee.

**Members are selected based upon criteria established by Proposition 39**

- One active member from each of the following: a business organization representing the business community located in the district; a senior citizens’ organization; a bona-fide taxpayers’ association; a support organization for the college; and a student enrolled in a community college support group. Two members of the community at large.

- Members of the Citizens’ Bond Oversight Committee are appointed for one- or two-year terms and may not serve more than two consecutive terms. Members serve on the committee without compensation. The committee is an advisory committee and does not have a legal capacity independent from the District. The duties of the committee are to review expenditures, to inform the public, and to provide an Annual Report to the Board of Trustees in an open session at a Board meeting.
Period Covered by the Report

To accurately reflect the information contained in the audited financial report, the financial analysis section of this report covers the time period from July 1, 2014 to June 30, 2015.

Report on Independent Financial and Performance Audits

The District has received, and the Citizens’ Bond Oversight Committee has reviewed, the financial and performance audit for the Measure V Bond Construction Fund for the fiscal year ending June 30, 2015. Glenn, Burdette, Phillips & Bryson, an independent auditing firm, prepared the report to comply with Proposition 39 accountability within the California Constitution. The report stated:

“In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Measure V Bond Construction Fund of the Santa Barbara Community College District as of June 30, 2015, and the results of its operations for the year then ended, in conformity with accounting principles generally accepted in the United States of America.”

Financial Compliance Confirmation

All expenditures authorized by Measure V have been reviewed by the Citizens’ Bond Oversight Committee to ensure that the money was spent only on improvement projects as required by Proposition 39. All funds expended from Measure V will be audited annually by an independent accounting firm.

The Citizens’ Bond Oversight Committee has reviewed expenditures and projects and finds that the District is in compliance with Article XIIIA Section 1(b)(3) of the California Constitution and consistent with the District’s approved Measure V local bond measure.

Oversight Committee Activities

Over the past year, the committee has been an active participant overseeing Measure V expenditures and activities. The committee has reviewed various budget and project issues. In accordance with Proposition 39, the committee has regularly reviewed bond expenditures, as well as the independently conducted financial and performance audits.

Measure V Project Status

For purposes of reporting current activity on the projects contained within the Measure V Bond Program, this report covers the calendar year ending December 31, 2015.

West Campus Classroom and Office Building (Construction)

After receiving Board of Trustees approval in October 2012 for utilizing remaining Measure V funds, the college began the planning and design of the new West Campus Classroom and Office building. This new building will house approximately 30 new state-of-the-art classrooms and will allow the college to remove many of the aging modular classroom buildings currently located throughout the Main Campus. Obtaining Leadership in Energy and Environmental Design (LEED) Silver certification as a minimum level of certification is a project requirement. The current estimated construction completion date is spring of 2018.
Completed Deferred Maintenance Projects

- Removal of Modular Buildings
- Campus Center Column Repair
- Keyless Entry/Electronic Locks
- Interdisciplinary Center—Paint Exterior
- Business Communications Building—Paint Exterior
